Secure Wireless Microphone

Description

Volume up: adjusts speaker audio louder.

Volume down: adjusts speaker audio softer - minimum setting.

Microphone: talk in a normal strength voice about 3 to 5cm (2") from microphone port- always talk in a normal level voice.

PTT: press to talk - Programmed for 3 quick beeps when pressed.#

Emergency: A quick beep sounds when pressed* and then triggers host radio's emergency function. Hold down button as per mobile radio's emergency button operating instructions or as advised by your supplier.#

Control: Can be configured as Talkaround button or Secondary PTT button on dual radiofits. Two pips will sound when pressed.#

Off/On: hold for 5 seconds to turn on/off. Intuitive tones sound.

DC charging: Secure Mic beeps to notify correct seating when first placed in gateway. The Status LED may momentary blink every 10 seconds to indicate charge status. Constant blue means charged.

Headset port: use with headsets/accessories**. Mutes speaker.

Earpiece jack: allows private listening via 3.5mm earpieces while muting the speaker.

Speaker: Delivers received speaker audio - Normally mutes when inserted into gateway.*

Status light: glows blue* when fully operational. Flashes when "out of range" or when its paired unit is off.

Antenna Connector: Allows connection of long range external antenna or replacement of short range internal type.

Function Button: press 1 second = manual Off/On, Double press = Find Me™ or Long Press for 8 seconds on power on until occasional blink = master reset to erase current device pairing.

3.5 PA Audio Out: provides up to 8W RMS @ 8 ohms for in-vehicle monitor or use as a PA system. Press Control button for PA broadcasts.

When out of range the unit will sound a slow beeping tone alert.

*Normal configuration see User Manual installation section for alternatives.

Some tones can be disabled by programming or user selection.

**Buy separately as needed - see full user manual.

Note: Product contains Neodymium, rare earth magnets. Keep away from credit cards or like items, that can be damaged by strong magnetic fields.
