## SERVICE BULLETIN RUP-002

Product: RFI Firmware Uploader

Subject: Firmware 1.10 Release

Date: 21<sup>st</sup> April 2016

### Description

This Service Bulletin announces the release of version 1.10 software for the RFI Firmware Uploader.

### Product Enhancements

The version 1.10 software release addresses the following issue;

- i) Compatibility of the RFI Firmware Uploader software with the Antenna System Monitor (ASM) firmware version 2.7 release.

**Note:** It is important that users of Antenna System Monitor (ASM) firmware version 2.7 upgrade to this version 1.10 to ensure full RFI Firmware Uploader software feature capability is maintained.

### Upgrading to Version 1.10

Download the file *RFI\_Uploader\_V1\_0-Setup* from the RFI website and unzip the file into the RFI Firmware Uploader directory on your computer. Run the *RFI\_Uploader\_V1\_1-Setup.exe* file and step through the the instructions that will appear to complete the installation.

Installation of this RFI Firmware Uploader version 1.10 will not impact any purchased and previously installed serial licence key.

**Note:** These installation steps are also outlined in the *RFI Firmware Uploader User Manual*, also available from the RFI web site.

### Cost Impact

RFI Firmware Uploader version 1.10 is available to RFI customers at no charge.
